of 1962 capsule*

This is the year of the time capsule opening. Springing in 1962, special assembly was held where momentos of the first Buena year were placed in a capsule deposited in office atrium. This spring, 21 years later, the capsule opened to the flair of a Greg Norberg's slide/music program containing historical "dissolve" slides of passing days and achievements of Buena. Through the years education, scholarships, and sports have been held in high esteem at this always...

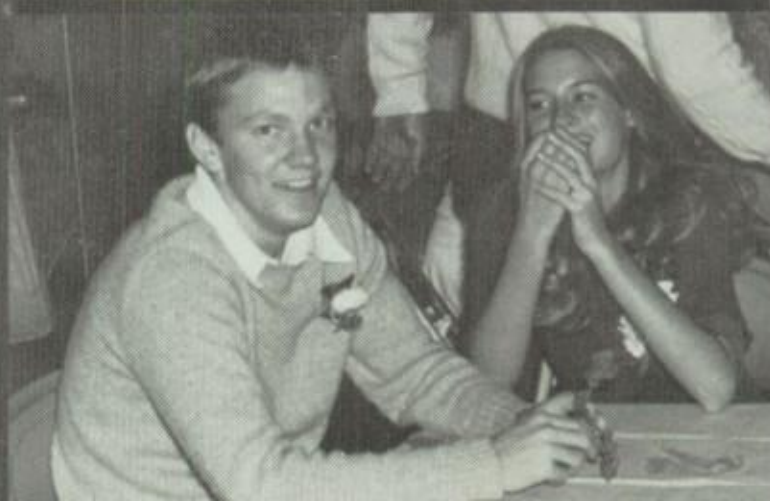

Warren Paul retired last December after 21 years of service to Buena High School as groundsman and bus driver. He drove the first teams of Buena and did double duty as a statistician for football particularly. During the opening he maintained and readied baseball diamonds and tracks for competition among other responsibilities. The 1981-82 Yearbook staff dedicates this book to Mr. Warren Paul.

MICHAELA KOLSTER completes a family affair in her exchange as her aunt and uncle, Renate and Ersan Gunen, are home here in American habitat. Her cousin is Suzan. Architect father, Margnt, and secretary mother, Klaus, with brother, Sven, complete West German abode. Michaela states, "The two school systems are so different you cannot compare them; too, I cannot tell yet what my most memorable experience," Kolster finals, "I can talk about California, and I enjoy my stay."

AKIKO TSUKAMOTO hails from Shimizu City, Japan. Her father, Yoshihiro, operates a liqueur store and with her mother, Suzue, and 13 year old sister, Katsuya rounds out her family. American parents are Jerry and Carol Bjorklund, and Brian, Jeff, and Danny complete present scene, "I can't compare because American school and Japanese are very different." Akiko answered question on two educational systems.

SATO swings in from Asahikawa, Japan. Tsuyoshi's parents, Terue and Kashue, are both farmers and three kin: Musataka, Hidetoshi, and Youe fulfill family. Clay Avenue residence of Sam and Fatima Long with brother Thomas counts as his American abode. "In Japan classes are longer with 9 or 10 subjects 5½ days a week; no choice of subjects there," correlates Tsuyoshi. His memory will be filled with San Francisco, Disneyland, Magic Mountain and asundry other events.

Yodelling from Schlieren/Zurich-Switzerland finds **ROSMARIE MULLER** gracing our halls. Father, Franz, car mechanic, and mother, Norma, keep home fires burning for she and older brother, Franz. Al and Jean Echarren, with temporary sisters, Diane and Tammy, make her American residence on Scott Ave. Meeting of my new family at the airport, and getting to know all these nice people are Rosemary's most memorable experience. "School is very different," she observes, "I wasn't use to having the same schedule everyday, and always to change classes. I'm enjoying my stay very much; I've met nice people, and I'm hoping that the time won't pass too fast," she acknowledges at yearbook deadline time. Rosemary finishes, "I'm sure I'll come back."

Journeying from South America, **MARTA SAVIATTO** of Colatina, Brazil, arrived last summer. Her American parents are Dr. and Mrs. Sam Kincheloe with sisters, Lisa, Jennifer, and Kristen. Native land father, Belmiro, performs in technical electricity. Olina, her mother, keeps hearth happenings alive with five kinsmen: Fatima, Penha, Angelo, Adriana, and Augusto. In answering how does school compare here to there? "It is totally different! We stay in one room a whole day. The majority of people are more friendly in Brazil," Marta remarks. "Most memorable is knowing another language, another culture, and most important thing: another people," she continued and concludes, "I really enjoy my study, my host family, and my friends. I hope to go back to Brazil with a lot of good things from my experience."

From breezes of Barbados, West Indies lands **KAREN VALDEZ** on our beaches. In Barbados Karen's dad, Peter, is a tennis professional while her mother, Rosemary runs homeship for five other brothers and sisters. Michael and Eileen Nesmith form American homestead. Karen compares high schools: Barbados' schools follow weekly timetable with teachers usually changing rooms for subjects. The emphasis is on academic study exclusively. There is more participation activities in the U.S. classroom with practice applications of real knowledge, rather than simply sitting, listening and spending great deal of time studying and memorizing textbooks. Here non academic skills, as well, are encouraged. Teachers here are generally approachable and friendly rather than removed and formal in their student relationships as in West Indies. "I am enjoying my visit, and learning much about the United States; likewise Americans I find are very friendly," considers Karen. She concludes, "This year would not have been possible without the A.F.S. programme and my real and American parents. One thing I've learned, since I arrived in August, is to keep an open mind and never judge things by my first impression."

LAUREN VAN EVERDINGEN left Vught, The Netherlands, for California shores this school year. Dentist father, Loek, and mother, An, with four complete home domicile. Marieke, Judith, Michiel, and Kaspar round out family. Quarters here finds him at hearth with Bill and Allen Hendren; likewise, Robert, Jean, and Allen complete U.S. Kin. "Buena has a big choice in subjects. We had nearly only languages and science which prepared us for an examination for graduation. Here all high school years are important. We had only four examinations in the senior year," contrasts Laurens. He noted liking the United States and most people are very kind, active, and have many interests. "Here in Ventura, I like the hilly landscape and warm weather," Laurens explains, further, "I thought the sky scrapers in Chicago (especially Sears tower) most impressive. In the Netherlands the soil is wet and soft Sky scrapers can't be built in our country."

Hovering in at Rob and Jane Simpson's home this term finds **THOMAS BEUERS** from Luedinghausen, West Germany. His father, Aloys, teaches at the University; meanwhile, mother, Wilhelmiene, is a public health doctor. He has one 15 year old brother, Timon. Trips to Los Angeles and large distances you travel with all the different things you can do are fresh on Thomas' memory. "I've enjoyed my host family here very much, and I've had a lot of fun with my new friends," he concludes, "I am sure I'll come back to sunny California after this year."

"My most memorable experience was meeting my host family," claims **YUKA KOITABASHI**. Yuka debarked from Sendai, Japan, where her father, Masharu, is a public servant (self-defense Grand Force), and mother, Akemi, instructs knitting. On Quigley street she resides with John and Joyce Leshe as well as, 2 younger brothers and 2 younger sisters. Comparing school plans, Yuka finds the lessons here are easier than Japanese school except problems in English. She feels science and math from 6th to 9th grade level are more difficult at home, but most teachers are kind.

arrive from different lands

Exchangers

From The Land of Cherry Blossoms comes **YUMIKO MASUDA**. Father, Mario, fulfills head teacher of elementary school position for his profession. Her mother, Motoka, and 22 year old sister complete her island family. The Robert E. Wolf family, 3917 Maple Street, finds Yumiko at home here. "Most memorable experience was receiving a crown from Contessas," Masuda's closing observation.

In memory of Loren Mark

*I thank you for the friend you have been,
and the good times I thought would never end.
Whenever I needed someone to be there,
you were always at my side willing to share.
I thank you for the inspiration you have given me,
and the love God has given us to see.
I praise God for bringing us together,
and I know our love will always last forever.
The anger that used to rage in me
is gone, so that my love for you is all I can see.
I pray that you will stay with the Lord,
so the days of your life shall not get bored.*

*I hope that you will study your Bible night and day,
so that you will always walk in God's way.
The devil will bring temptation to our goal,
but never, never take over your soul.
For it is by grace that we have been saved,
and we will never enter the eternal grave.
Goodbye, farewell, my good friend.
Stay with the Lord until the end.
For we have life forever
and in Heaven we will come together.*

-YEARBOOK STAFF

AGE

As we grow older
and the years pass by,
we remember our past times
welcomings and good-byes.

First we're in kindergarten
then first to sixth grade,
and as we grow older
those memories start to fade.

Suddenly it's junior high
from seventh to grade nine,
and although we're unaware of it
our memory slips without a sign.

Years later we're in high school
and we have all grown tall,
but our memory still is fading
we can't remember when we were small.

And then we all have graduated
and have left all schools for good,
then there we are in college-
and have entered parenthood.

And now we look at yearbooks
that help us remember our years,
back to school days, laughing with friends
memories and photo's are the only souvenirs.

Acknowledgement

I'd like to thank you for all your fine efforts as a solid 'A' student and as an outstanding football player. I appreciate all your loyalty, your dedication and your efforts. You have a good future ahead of you in athletics and the academic skills to propel you. I'm glad I had the opportunity to coach you in football because you are a very attentive, very coachable player. I wish we could share another season together but things just didn't work out that way.

We, the 1981-82 Yearbook editors would like, at this time, to look back and reflect on our past year here at Buena High School.

It has been a year of great success and achievement. Without you Edmund Alamillo, Renee Atchison, Kristin Becker, Tracie Bjorkman, Bambi Blocher, Joy Capper, David Cason, Sherri Cook, Russ Davis, Russ Dean, Krissy Durden, Janet Farlow, Jackie Flores, Susan Hamilton, Kim Harder, Michelle Harwood, Lynne Kuck, Tina Lacroce, Darren Langolf, Susan Loomis, Debby Mager, Julie Manes, Dean Mills, Karen Nelson, Cheryl Rhoden, Paul Rodriguez, Jo Marie Smith, Colleen Tully, Kelley Winters we could not have accomplished this great yearbook!

We also wish to extend our heartfelt appreciation to our Advisor, Mr. Robert Thompson. We love you!

A special thanks goes to David Bright, our fantastic professional photographer; Steve Sanders, our American Yearbook Representative; Ailene Soule and Mrs. Atchison for keeping our books straight; Debby Mager and Joy Capper for doubling as staff and photographers; Dean Mills for also helping with the photography; Russ Davis and Paul Rodriguez for some excellent division pages; and finally, our good friend, Natalie Davis who aided us in preparing pages for this book.

We thank you all, very much!

Sorry my pen ran out of ink so I had to

but I'll need you someday,
I'll always be here as your friend.
Maybe ... someday
But not now I need you just as a friend
I hat'll just have to be enough for now
I hats almost as good... Almost.

I don't think I need to write much more cause
I think the poem says it all. Good Luck with football

P.S.S. I'm sorry this is so sloppy!

Good friends,
At least that's how
it started out.
But I can't love you,
You're my friend.
I'll need you someday,
With an encouraging word or

and, hey it's been a long time. Just think of every-
thing, we have been through together. You know
we have always been real close friends and
then something happened. It really hurt. I
always had confidence that we would become
close again because of how we feel for one
another. You are just like a brother to me
you are always there when I need someone
and I hope you know that I am always there
for you too. We've had a lot of good times
together, and I hope many more to come.
Whatever you do, don't change because you
are the best person right now. You
deserve nothing but happiness out of life. You
will succeed in everything that you do. Can you
believe it only 2 more years and we'll be
gone for good. All of our friends, school
mates everyone but all of us best of
friends will stick together forever. You
mean the world to me Don and I don't
want to lose touch of the summer. Please
give me a call and stay out of trouble.
Whatever you do don't get hurt by no
stinking girl, you deserve somebody that
will treat you right!! Thankx for letting me
borrow your Jersey for the time. Don't
forget to call me, after all who could
forget a "little sister" like me. See you
this summer. Don't "PARTY" too much, just
enough! I love you, we always have, and
